USER GUIDE 9

MEDICINE

This User Guide summarises the more important administrative, financial and clinical records of local hospitals, sanatoria and specialised medical institutions. In part 2 it lists records produced by hospital boards and committees, and in parts 3 and 4 details of Medical and Nursing Associations, and personal papers respectively. This guide does not include information about sources for public health.

NB Access to records containing information of a sensitive personal nature is restricted. Please ask a member of staff for more details.

Please note, it is not normally possible to produce unlisted collections for consultation in the Search Room.
